

# CRC® Evapo-Rust® Heavy-Duty Rust Remover, 32 Fl Oz

## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS)  
Issue date: 8/6/2025 Version: 1.0

### SECTION 1: Identification

#### 1.1. Identification

Trade name : CRC® Evapo-Rust® Heavy-Duty Rust Remover, 32 Fl Oz  
Product code : 1752536  
Part number : ER004

#### 1.2. Recommended use and restrictions on use

Recommended use : Rust Removal  
Restrictions on use : None known

#### 1.3. Supplier

##### Manufactured or sold by:

CRC Industries, Inc.  
885 Louis Dr.  
Warminster, PA 18974  
United States  
T 1-800-556-5074  
[crcindustries.com](http://crcindustries.com)

#### 1.4. Emergency telephone number

Emergency number : 1-800-424-9300  
24-Hour Emergency

### SECTION 2: Hazard(s) identification

#### 2.1. Classification of the substance or mixture

##### GHS US classification

Not classified

#### 2.2. GHS Label elements, including precautionary statements

##### GHS US labeling

Precautionary statements (GHS US) : Observe good industrial hygiene practices.  
Wash hands thoroughly after handling.  
Use only outdoors or in a well-ventilated area. Open doors and windows or use other means to ensure a fresh air supply during use.  
Store away from incompatible materials  
Dispose of contents/container in accordance with local/regional/national regulations.

#### 2.3. Other hazards which do not result in classification

No additional information available

#### 2.4. Unknown acute toxicity (GHS US)

No additional information available

# CRC® Evapo-Rust® Heavy-Duty Rust Remover, 32 Fl Oz

## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS)

### SECTION 3: Composition/Information on ingredients

#### 3.1. Substances

Not applicable

#### 3.2. Mixtures

| Name                   | Chemical name /<br>Synonyms | Product identifier   | %       |
|------------------------|-----------------------------|----------------------|---------|
| Water                  | Water                       | CAS-No.: 7732-18-5   | 80 - 90 |
| Proprietary Ingredient | Proprietary Ingredient      | CAS-No.: Proprietary | 10 - 20 |

Comments : Specific chemical identity and/or percentage of composition has been withheld as a trade secret.

### SECTION 4: First-aid measures

#### 4.1. Description of first aid measures

First-aid measures general : If you feel unwell, seek medical advice.  
First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. If you feel unwell, seek medical advice.  
First-aid measures after skin contact : Wash skin with plenty of water. If skin irritation occurs: Get medical advice/attention.  
First-aid measures after eye contact : Rinse eyes with water as a precaution. If eye irritation persists: Get medical advice/attention.  
First-aid measures after ingestion : Rinse mouth. Call a poison center or a doctor if you feel unwell.

#### 4.2. Most important symptoms and effects (acute and delayed)

Symptoms/effects after inhalation : Prolonged inhalation may be harmful.  
Symptoms/effects after skin contact : Repeated or prolonged contact may cause slight irritation to the skin.  
Symptoms/effects after eye contact : May cause slight temporary irritation.  
Symptoms/effects after ingestion : May cause mild irritation to the digestive tract.

#### 4.3. Immediate medical attention and special treatment, if necessary

Treat symptomatically.

### SECTION 5: Fire-fighting measures

#### 5.1. Suitable (and unsuitable) extinguishing media

Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide.  
Unsuitable extinguishing media : None known.

#### 5.2. Specific hazards arising from the chemical

Fire hazard : No fire hazard.  
Explosion hazard : No direct explosion hazard.  
Hazardous decomposition products in case of fire : Toxic fumes may be released.

#### 5.3. Special protective equipment and precautions for fire-fighters

Firefighting instructions : Fight fire from safe distance and protected location. Do not enter fire area without proper protective equipment, including respiratory protection.  
Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.

# CRC® Evapo-Rust® Heavy-Duty Rust Remover, 32 Fl Oz

## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS)

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Stop leak if safe to do so. Absorb spillage to prevent material-damage. Notify authorities if product enters sewers or public waters.

##### 6.1.1. For non-emergency personnel

Protective equipment : Wear recommended personal protective equipment.  
Emergency procedures : Ventilate spillage area.

##### 6.1.2. For emergency responders

Protective equipment : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".  
Emergency procedures : Evacuate unnecessary personnel. Stop leak if safe to do so.

#### 6.2. Environmental precautions

Avoid release to the environment.

#### 6.3. Methods and material for containment and cleaning up

For containment : Stop leak, if possible without risk. Absorb spilled material with sand or earth. Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams.  
Methods for cleaning up : Take up liquid spill into absorbent material. Take up mechanically (sweeping, shoveling) and collect in suitable container for disposal. Clean surface thoroughly to remove residual contamination.  
Additional Regulatory Information : Dispose of materials or solid residues at an authorized site.

#### 6.4. Reference to other sections

For further information refer to section 13.

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

Precautions for safe handling : Wear personal protective equipment. Avoid contact with skin and eyes. Use only outdoors or in a well-ventilated area. Open doors and windows or use other means to ensure a fresh air supply during use. For product usage instructions, see the product label.  
Hygiene measures : Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Do not eat, drink or smoke when using this product.

#### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Store in a cool, dry place out of direct sunlight.  
Packaging materials : Store always product in container of same material as original container.

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

No additional information available

#### 8.2. Appropriate engineering controls

Appropriate engineering controls : Ensure good ventilation of the work station.

# CRC® Evapo-Rust® Heavy-Duty Rust Remover, 32 Fl Oz

## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS)

Environmental exposure controls : Avoid release to the environment.

### 8.3. Individual protection measures/Personal protective equipment

#### Personal protective equipment:

Wear recommended personal protective equipment.

|                                                              |
|--------------------------------------------------------------|
| <b>Hand protection:</b>                                      |
| Wear protective gloves such as: Nitrile                      |
| <b>Eye protection:</b>                                       |
| Wear safety glasses with side shields (or goggles).          |
| <b>Skin and body protection:</b>                             |
| Wear suitable protective clothing                            |
| <b>Respiratory protection:</b>                               |
| No respiratory protection needed under normal use conditions |

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                                                 |                             |
|-------------------------------------------------|-----------------------------|
| Physical state                                  | : Liquid                    |
| Color                                           | : Colorless to light yellow |
| Odor                                            | : slight                    |
| Odor threshold                                  | : No data available         |
| Melting point                                   | : No data available         |
| Freezing point                                  | : No data available         |
| Boiling point                                   | : 211.9 °F (100 °C)         |
| Flammability (solid, gas)                       | : Not applicable.           |
| Explosion limits                                | : No data available         |
| Flash point                                     | : None                      |
| Auto-ignition temperature                       | : No data available         |
| Decomposition temperature                       | : No data available         |
| pH                                              | : 5 – 6                     |
| Viscosity, kinematic                            | : No data available         |
| Viscosity, dynamic                              | : No data available         |
| Solubility                                      | : Soluble in water.         |
| Partition coefficient n-octanol/water (Log Pow) | : No data available         |
| Vapor pressure                                  | : No data available         |
| Evaporation rate                                | : Moderate                  |
| Density and/or relative density                 |                             |
| Density                                         | : 8.63 lb/gal               |
| Relative density                                | : 1.04                      |
| Relative vapor density at 20°C                  | : No data available         |
| Particle characteristics                        | : No data available         |
| Molecular mass                                  | : No data available         |
| Explosive properties                            | : No data available         |
| Oxidizing properties                            | : No data available         |

### 9.2. Additional Regulatory Information

No additional information available

# CRC® Evapo-Rust® Heavy-Duty Rust Remover, 32 Fl Oz

## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS)

### SECTION 10: Stability and reactivity

#### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

#### 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

#### 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

#### 10.5. Incompatible materials

Strong oxidizing agents.

#### 10.6. Hazardous decomposition products

Nitrogen oxides. Carbon oxides (CO, CO<sub>2</sub>).

### SECTION 11: Toxicological information

#### 11.1. Information on toxicological effects

|                                     |                                                                                                   |
|-------------------------------------|---------------------------------------------------------------------------------------------------|
| Symptoms/effects after inhalation   | : Prolonged inhalation may be harmful.                                                            |
| Symptoms/effects after skin contact | : Repeated or prolonged contact may cause slight irritation to the skin.                          |
| Symptoms/effects after eye contact  | : May cause slight temporary irritation.                                                          |
| Symptoms/effects after ingestion    | : May cause mild irritation to the digestive tract.                                               |
| Acute toxicity (oral)               | : Not classified (Based on available data, the classification criteria are not met)               |
| Acute toxicity (dermal)             | : Not classified (Based on available data, the classification criteria are not met)               |
| Acute toxicity (inhalation)         | : Not classified (Based on available data, the classification criteria are not met)               |
| Skin corrosion/irritation           | : Not classified (Based on available data, the classification criteria are not met)<br>pH: 5 – 6  |
| Serious eye damage/irritation       | : Not classified (Based on available data, the classification criteria are not met).<br>pH: 5 – 6 |
| Respiratory or skin sensitization   | : Not classified (Based on available data, the classification criteria are not met)               |
| Germ cell mutagenicity              | : Not classified (Based on available data, the classification criteria are not met)               |
| Carcinogenicity                     | : Not classified (Based on available data, the classification criteria are not met)               |
| Reproductive toxicity               | : Not classified (Based on available data, the classification criteria are not met)               |
| STOT-single exposure                | : Not classified (Based on available data, the classification criteria are not met)               |
| STOT-repeated exposure              | : Not classified (Based on available data, the classification criteria are not met).              |
| Aspiration hazard                   | : Not classified (Based on available data, the classification criteria are not met)               |
| Viscosity, kinematic                | : No data available                                                                               |

### SECTION 12: Ecological information

#### 12.1. Toxicity

|                   |                                                                                                                        |
|-------------------|------------------------------------------------------------------------------------------------------------------------|
| Ecology - general | : The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment. |
|-------------------|------------------------------------------------------------------------------------------------------------------------|

# CRC® Evapo-Rust® Heavy-Duty Rust Remover, 32 Fl Oz

## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS)

### 12.2. Persistence and degradability

#### CRC® Evapo-Rust® Heavy-Duty Rust Remover, 32 Fl Oz

|                               |                                                            |
|-------------------------------|------------------------------------------------------------|
| Persistence and degradability | No data is available on the degradability of this product. |
|-------------------------------|------------------------------------------------------------|

### 12.3. Bioaccumulative potential

#### Water (7732-18-5)

|                                                 |       |
|-------------------------------------------------|-------|
| Partition coefficient n-octanol/water (Log Pow) | -1.38 |
|-------------------------------------------------|-------|

### 12.4. Mobility in soil

No additional information available

### 12.5. Other adverse effects

No additional information available

## SECTION 13: Disposal considerations

### 13.1. Disposal methods

|                                            |                                                                                                                                   |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Regional waste regulation                  | : Dispose of contents/container in accordance with local/regional/national regulations.                                           |
| Waste treatment methods                    | : Dispose of contents/container in accordance with licensed collector's sorting instructions.                                     |
| Sewage disposal recommendations            | : Disposal must be done according to official regulations. Do not allow to enter sewers, surface or groundwater.                  |
| Product/Packaging disposal recommendations | : Empty containers should be taken for recycling, recovery or waste in accordance with local regulation.                          |
| Hazardous waste code                       | : This product is not a RCRA hazardous waste (See 40 CFR Part 261.20 – 261.33).                                                   |
|                                            | However, it is the generator's responsibility to determine the proper classification and disposal method at the time of disposal. |
| Additional information                     | : Do not re-use empty containers.                                                                                                 |

## SECTION 14: Transport information

In accordance with DOT / IMDG / IATA

## Safety Data Sheet

according to 29 CFR § 1910.1200, Hazard Communication Standard (HCS)

### 14.6. Special precautions for user

#### DOT

Not regulated.

#### IMDG

Not regulated.

#### IATA

Not regulated.

### 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable

## SECTION 15: Regulatory information

### 15.1. US Federal regulations

#### Toxic Substances Control Act (TSCA)

All components of this product are present and listed as Active on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory

#### Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not listed

#### Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) Hazardous Substance

|                                 |                                                                                                                                                                                                             |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CERCLA Section 103 (40CFR302.4) | Spills or releases resulting in the loss of any ingredient at or above its RQ require immediate notification to the National Response Center (800-424-8802) and to your Local Emergency Planning Committee. |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

#### Superfund Amendments and Reauthorization Act of 1986 Title III (Emergency Planning and Community Right-to-Know Act of 1986)

##### Section 302 Extremely Hazardous Substance

Not listed

##### Section 304 Emergency Release Notification

Not listed

##### Sections 311/312 Hazard Classification

Not listed

##### Section 313 (TRI Reporting)

This product or mixture is not known to contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

### 15.2. International regulations

No additional information available

### 15.3. US State regulations

#### California Proposition 65

This product does not contain any substances known to the state of California to cause cancer, developmental and/or reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).
